

All Faiths Children's Academy

Tuesday 23rd June 2026

Dear Parents and Carers,

I wanted to provide an update regarding the hot weather and steps being taken to keep the children and staff safe.

After careful consideration, there are no plans to shut the school over the next few days. We have however put in a number of additional measures to help with the temperatures:

- We will continue with the relaxed uniform rules and allow children to wear P.E kit (white top and dark shorts) for the rest of this week. As a reminder, this is not to be treated as an own-clothes day and there is an expectation that clothes worn are as close to the school P.E kit as possible.
- Use of shaded outdoor areas and sharing cooler indoor spaces
- Regular water breaks
- Less physically demanding activities

Alongside these measures, we have a robust risk assessment in place to support the safety and wellbeing of students and staff.

As a reminder, please bring children to school with sunscreen pre-applied and a full water bottle.

Additionally, as the message stated yesterday, we are still planning to go ahead with Sports day on Friday but will adjust the structure if necessary. More updates will be provided on this later this week.

We will continue to monitor conditions closely and will review our arrangements if needed.

Thank you for your continued support,

Mr Kershaw

Headteacher
